

## ***Iris Lodge Alpacas Weddings***

### ***Frequently asked questions***

#### ***Is it possible to bring catering equipment in?***

All catering equipment must be brought in, there is access to main power for caterers. We can recommend some excellent catering companies.

#### ***Do I need a marquee?***

Yes. You are more than welcome to organise a marquee to be set up for your wedding or event. We can recommend a great provider for you.

#### ***Are there bathrooms available?***

We don't have any on site bathrooms for weddings or events. We can recommend companies who hire luxury portable bathrooms for your wedding or event.

#### ***Are you a BYO venue for drinks?***

Yes we are! You are more than welcome to organise your own drinks for your wedding or event, although all alcoholic beverages must be served by RSA licensed servers. We can recommend some great portable bar companies, and a lot of catering companies also offer this service too.
